PLEASE NOTE!

Event participants may voluntarily disclose the information regarding their vaccination status. However, a person who refuses to provide information about their vaccination status is, by default, counted as unvaccinated and therefore is counted towards the one person per 10 m2 quota.
The ICT system which manages the expo grounds entry and exits points has been programmed to hold the count of the number of unvaccinated participants attending a particular event. Whenever a pre-defined number of attendees is reached, the system will, by default block the entry possibility for other unvaccinated people until the number of unvaccinated attendees is below the threshold.

When entering (on foot or by car) the fairgrounds, a person with an admission document issued for vaccinated persons will be requested to present an appropriate QR code certificate confirming the vaccinations. It is recommended to use the mObywat application. Otherwise, the person will be requested to show the QR code along with an identity document containing the bearer's photo. If it is not possible to verify whether the bearer of the admission document has been fully vaccinated, by default, they will be treated as an unvaccinated person and counted towards the one person per 10 m2 quota; expo grounds entry on condition that the quotas are respected.

The vaccination information is processed by Targi Kielce SA as the Personal Data Controller; the procedures carried out pursuant to (EU) 2016/679 Regulation of the European Parliament and of the Council of 27 April 2016 on the protection of individuals with regard to the processing of personal data and on the free movement of such data, and repealing the 95/46/EC Directive (Journal of Laws UE.L No. 119, p. 1) - Article 9 point 2 letter a.
