95%

of exhibitors  
rated the Agrotech  
as good and excellent

73%

of exhibitors  
rated the quality of visitors  
as good and excellent

Andrei **Cosovici**  
SIP

*Agrotech is one of the two most prestigious expos in Poland. We exhibit as producers and we meet many customers. We wish the Agrotech bring such a great number of visitors.*

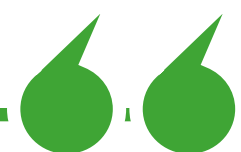

Rafal **Mikolajczak**  
Fendt

*We have specific conversations here. We came to Agrotech to generate interest in our electric tractor. The number of people who come to us at the expo demonstrates the success - this translates into a big chance that we will also sell this tractor to Polish customers.*

Józef **Seidel**  
Mandam

*We showed our cultivation and seeding set for the first time at Targi Kielce, because there are a huge number of visitors here. Multiple farmers, lots of specific questions. Kielce marks the beginning of a good track record for this set, i.e. sales of equipment in significant numbers.*
