34th International Defence Industry Exhibition

8-11.09.2026

Everyone who visited the Kielce expo knows how great the potential of Polish companies is here to increase security and our defence capabilities.

Donald Tusk
Prime Minister of the Republic of Poland

The strategic point on the globe's defence map!

Enhance your international presence and accelerate your company's growth. Join the International Defence Industry Exhibition – Central and Eastern Europe's largest defence show.

MSPO - a prestigious meeting place for industry insiders, armed forces and public administration from around the world. At MSPO, you will meet key decision-makers and those for whom defence equipment and technologies are made, representatives of governments and defence ministries, commanders of the armed forces and uniformed services, and the management of government agencies and international organisations.

The agenda that responds to today's industry challenges

MSPO is more than an exhibition – the agenda also includes conferences, debates, and business meetings. The Republic of Poland's Armed Forces Exhibition has enhanced and complemented the presentation for years.

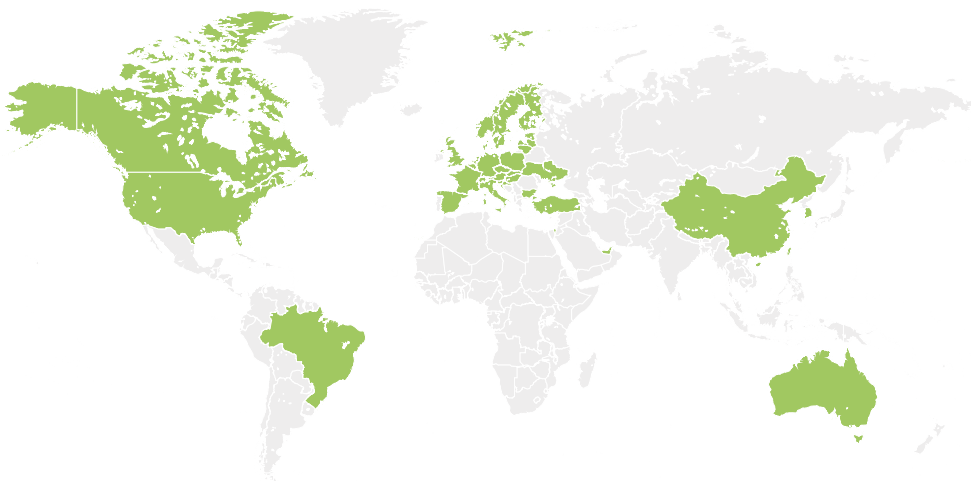

Prestigious partners - guarantee the exhibition's quality

The Ministry of National Defence and the Polish Armaments Group, a strategic partner, have co-created MSPO's success for years. The expo has been traditionally held under the President of the Republic of Poland's honorary auspices, further highlighting the event's importance.

Promotion of innovative solutions

The best products and solutions presented at MSPO are recognised with DEFENDER awards and prestigious distinctions, such as the Award of the President of the Republic of Poland, the Award of the Minister of National Defence and the Award of the Minister of Development and Technology.

Exhibitors from 35 countries

TOP 10

countries with the most numerous representations

- Australia
- Denmark
- France
- South Korea
- Lithuania
- Germany
- Poland
- USA
- Sweden
- United Kingdom

The International Defence Industry Exhibition is ranked among Europe's three most important defence and security industry exhibitions after Paris and London. The best equipment, over 800 exhibitors from 35 countries, partners, ministers, military representatives – all those who create and then implement security strategies.

exhibitors are satisfied with their expo participation

where the world's defence industry elite meets!

Your technology in the spotlight

Gain a strategic advantage and present your offer in the heart of Central Europe. MSPO takes place at Targi Kielce – one of the two largest exhibition centres in this part of Europe, with over 30 years of experience in organising international industry events.

Professional space for the defence industry

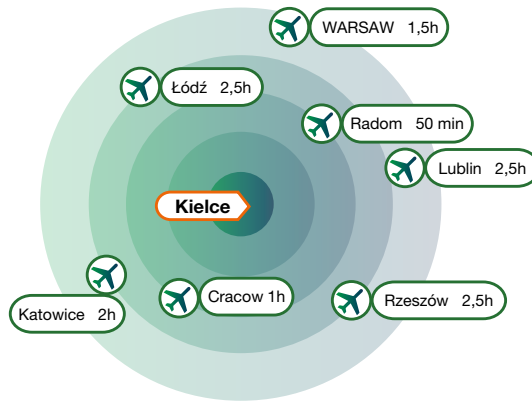

Cutting-edge exhibition halls, extensive outdoor exhibition grounds and infrastructure adapted to the presentation of heavy equipment and military technologies - all you need for a comfortable exhibition in every aspect. Advanced technical facilities, high-quality services, and an experienced team of organisers mean you can focus on what's most important, i.e. on developing your business.

Excellent location and easy access

Kielce is located in the heart of Central Europe and is accessible with an excellent network of road and rail connections, ensuring quick access both from Poland and abroad.

- Just a few hours' drive from European capitals: 7 hours from Berlin, 6 hours from Prague, 6 hours from Vienna, 5.5 hours from Bratislava.
- 7 international airports within 2 hours' drive.

Register today!

Don't wait – book your expo stand at MSPO 2026 and join the leaders of the global defence industry.
