participation in the next year's show

achieving sales targets and deepening customer relationships

establishment of new contracts and generating leads

Exhibitors confirm...

We are present at the Plastpol Fair for the third or fourth time, and we find this year's show successful. We have talked to many clients, and many talks are promising for business cooperation. Poland is a significant market for us, so we will return to Targi Kielce in May 2024.

Jan Mulderink,
Managing Director at Axia Plastics Europe
in Axia Plastics, a Vinmar Company

Our company has belonged to a group of Plastpol returning exhibitors for many years. We have already exhibited at Targi Kielce 23 times. Here, we can meet our customers and convince them to use our technology. This year, many of our clients have made an appointment and came to us to discuss further business details.

Jerzy Bieńkowski,
representing the Reifenhäuser

We are delighted with our participation in the Plastpol Fair, we have conducted many business talks with different clients and companies. Many talk-shop sessions are promising. The expo is well organised by Targi Kielce. We are impressed.

Núria Vallespi,
Marketing Manager for Colour
Masterbatches at LyondellBasell

Visitor's Profile

The International Fair of Plastics and Rubber Processing PLASTPOL is Central and Eastern Europe's largest event for the plastics processing industry

The expos bring together leading Polish and international market companies; they showcase the latest solutions for plastics and rubber processing. Plastpol is much more than the offer of over 600 companies from 29 countries. There is also an immense dose of knowledge: conferences, discussion panels, seminars and networking meetings. Over the years, Plastpol has become the best platform for establishing relationships, and presenting premiere solutions and technologies. This is the right place for exchanging knowledge and signing international contracts and agreements.
