About the Organizer:

Experience

Since its first edition, Targi Kielce has specialised in organising, among others, professional trade fair for uniformed services (including the MSPO, the KIELCE IFRE-EXPO - fire services trade show).

Contacts

Properly selected and targeted expo visitors group is the basis for company's success. Targi Kielce has gained considerable experience and developed contacts network; this is the guarantee that the exhibitions host decision-makers responsible for the equipment and supplies purchase.

Infrastructure

With its superior infrastructure, Targi Kielce is a perfect venue to organise this type of events. The state-of-the-art exhibition halls, conference and congress facilities, the outdoor exhibition grounds as an extensive stage for dynamic live presentations are available for exhibitors.

Team

The fair is organized by an experienced team of professionals, with the support of industry institutions.

Targi Kielce is ranked second among all among Central and Eastern Europe's trade fair and exhibition centres. We boast over 30 years of experience in organizing international events, such as the internationally recognized International Defence Industry Exhibition (Międzynarodowy Salon Przemysłu Obronnego MSPO). The major industries and business-sectors hold their meeting at the area of 90,000 m². This is also the place where million-dollar worth contracts are signed.
