

KIELCE FLUID POWER

The 16th Fair of Pneumatics,
Hydraulics, Drives and Controls

28-31.03.2023

Kielce, Poland

4 days

of intense meetings!

The Fair of Pneumatics, Hydraulics, Drives and Controls KIELCE FLUID POWER has excellently complemented and enhanced the offer of the events series held under the banner of the Targi Kielce's industrial cluster. This year the event continues for four days, as requested by the exhibitors. Almost all exhibitors emphasize that since the end of the pandemic, **the opportunity to meet and present their offer „live” is the most important advantage of the Kielce expo meetings!**

We look forward to seeing you at trade shows:
28 to 31 March 2023.

The Industrial Spring

500
exhibitors

250
machines working live

10 000
business insiders
visiting the expo

#BIZNES

One-stop-shop for the whole industry!

No email, telephone or teleconference can replace direct, face-to-face contacts.

#NETWORKING

Business meetings, an inherent part of expos, may build and enhance **business relations based on trust.**

#TRENDY

The economy needs expos – trade shows are the inspiration source. Direct meetings result in **new ideas and innovations.**

#EDUKACJA

Trade fairs offer an ideal tool to evaluate and benchmark a particular industry's standing. Trade shows give a perfect chance to exchange experiences and expand knowledge. **Expos shape the future of business.**
