- This year's expo has been really successful for us. Numerous visitors called in during the three days' exhibition; our products enjoyed great popularity. Sacroexpo resulted in several new orders for the bells. We are pleased with the business aspect of the exhibition.

Piotr Olszewski - Jan Felczyński Bell Foundry

- We have been a part of the Sacroexpo exhibition since its first edition, that is for 21 years. The trade show is a fantastic place with its atmosphere, people and organisers. We establish new contacts. Retailers get in touch with us and become familiar with our assortment. Those undecided can make a decision.

Robert Grabowski, „Byzantine Icons”

- We have exhibited at SACROEXPO since the second edition of the show; over the years, we have observed the trade show's development and advancement. Both Targi Kielce's infrastructure, the expo organisation and promotion come at par with Europe's top events.

„In the era when walls are built, we need more and more bridges to dialogue. This is the role of the International SACROEXPO. SACROEXPO is a unique place as it brings together religion and culture, visual arts, words and handicrafts. The exhibition attracts both with the favourable price and the priceless value - i.e. the possibility to encounter and experience beauty. „
