

HIGH PRECISION METAL WIRE CLOTH

HOOKED SCREENS // FRAME RE-SCREENING //
PVC EYELET SIEVES

TAILOR-MADE SOLUTIONS

„MADE IN GERMANY“

- » more than 65 years experience
- » comprehensive range of wire mesh specifications
- » quality and innovation leader in sieving and filtration
- » delivery reliability

OUR BRANCHES:

FOOD INDUSTRY

BUILDING INDUSTRY

MINERALS

WATER AND WASTE WATER INDUSTRY

ELECTRONICS INDUSTRY

RECYCLING INDUSTRY

PHARMACEUTICAL INDUSTRY

ETC.

PAPER INDUSTRY

CHEMICAL INDUSTRY

PRECISION, PERFORMANCE AND SOLUTION – ALL FROM ONE PROVIDER

For more than 65 years PACO is one of the worldwide leading manufactures of wire mesh for sieving technology and filtration.

PACO's wire weaving plant manufactures a comprehensive spectrum of wire cloths. They are different in wires, apertures, weave, alloys followed by further by after-treatments and finishing.

The family-owned company PACO stands for a group of companies, the PACO GROUP, which within its different factories has the competence for tailor-made solutions within sieving technology, filtration, separation and automation. And all is

Quality „Made in Germany!“

Our process-know-how at a glance:

- » re-screening of round sieves, rectangular sieves and special geometries
- » re-screening possible for frames 2.600 x 2.600 mm
- » PVC-edged sieves with and without eyelets
- » hooked screens of different types
- » bonding possible for apertures 20 µ to 10mm

We offer:

- » huge variety of different wire cloth specifications
- » heat-resistant, magnetically detectable stainless steel
- » special materials (high-strength, Duplex alloys)
- » re-screening for frames 2.600 mm dia
- » connecting technology – glueing, bonding, welding, soldering
- » ATEX-compliant versions
- » individual screen versions – depending on application
- » production of profile frames for almost every Brand used in food industry (FDA-compliant, special glue and seals etc.)
- » different special applications upon request
- » certificated by ISO 9001:2015

Our delivery service:

- » fast, reliable delivery
- » individual transport possibility upon request
- » re-usable and re-turnable packaging, FSC-compliant

Discover and check our competence for your company and contact us.

We are looking forward to hearing from you!
