Application Range

Various modules and accessories can be selected to meet customers' application in various industries.

Outdoor Exploration

Military Equipment

Finance

Animal Husbandry

Agricultural Production

Outdoor Work

Equipment Monitoring

Industrial Manufacture

Power Maintenance

Equipment Testing

Automobile Manufacturing

Public Security

Certified by independent third-parties for MIL-STD-810H as well as ANSI/ISA 12.12.01 and MIL-STD-461G/461F.

Certified by independent third-parties for IP65/IP67 ratings.

Survived drop tests up to 4 feet (122 cm), rigorous vibration and impact protection tests.

Unsurpassed thermal solution for continuous work in mission-critical situations.

Experience peak performance in extreme temperatures, whether in freezing cold up to -30°C or extreme hot temperatures of 60°C.

Designed from the ground up with high-performance materials for full protection.

Leading rugged design to increase productivity and efficiency for any conditions.

Dual-battery that allows up to 10 hours of work.
