MOBILE TANKS

FOTRIS BOX

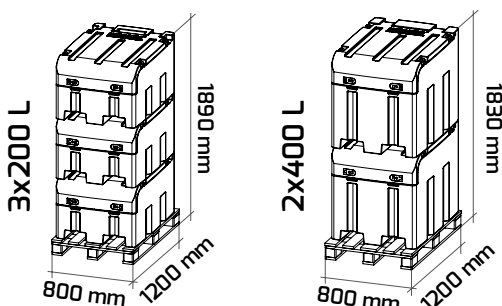

EQUIPMENT DESCRIPTION FORTIS BOX DIESEL:

- PIUSI 12 V pump up to 50l/min
- Piusi A60 automatic nozzle
- 6 m 3/4" dispensing hose
- 4 m power cables
- 4" filler cover
- Cover on gas springs, closed with two locks

EQUIPMENT DESCRIPTION FORTIS BOX ADBLUE:

- Piusi K24 electronic flow meter
- Piusi SuzzaraBlue pump 12 V up to 36l/min
- 6 m 3/4" dispensing hose
- Piusi SB325 automatic nozzle
- 4" filler cover with vent
- Cover on gas springs, closed with two locks

TRANSPORTATION OPTIONS:

DIMENSIONS (width x height x length):

TANK 200L: 0,80 x 0,58 x 1,10 m
 TANK 400L: 0,80 x 0,84 x 1,10 m

STATIONARY TANKS FORTIS ECOTANK

The equipment of each of our tanks can be adjusted to meet your needs

EQUIPMENT DESCRIPTION FORTIS ECOTANK DIESEL:

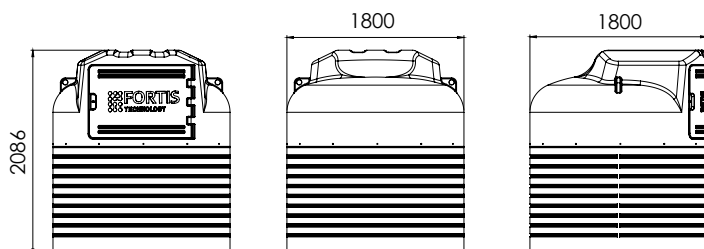

- PIUSI K24 electronic flow meter
- PIUSI Panther 56 pump up to 56 l/min
- Metal filter with water separator
- Automatic nozzle
- 6 m 3/4" dispensing hose
- Mechanical fuel level indicator
- Rotating hose elbow
- Overfill prevention device
- 2" filler coupling for filling

EQUIPMENT DESCRIPTION FORTIS ECOTANK ADBLUE:

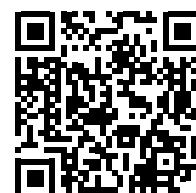

- Piusi K24 electronic flow meter
- PIUSI SuzzaraBlue pump up to 34l/min
- Automatic nozzle
- 6 m 3/4" dispensing hose
- Cabinet heating
- Mechanical level indicator

- Piusi Panther 56 pump up to 56l/min
- Metal fuel filter with water separator
- 6m 3/4" double-layer dispensing hose
- Piusi A60 automatic nozzle
- Electronic fuel level indicator
- Oil-proof suction hose

EQUIPMENT DESCRIPTION FORTIS X-TANK ADBLUE:

- Piusi Suzzara 34 membrane pump up to 34l/min
- 6m 3/4" dispensing hose
- Piusi SB325 automatic nozzle
- Watchman Sonic Standard
- Distribution cabinet heating
- Inter-shell heating
- 16" revision cover

DIMENSIONS (width x height x length):

TANK 2 500L: 1,79 x 1,98 x 2,30 m TANK 5 000L: 2,38 x 2,03 x 2,95 m

MONITORING SYSTEM AND FUEL CONTROL

Each solution is individually selected depending on the needs, expectations, level of control or budget. Each system is different but even a single component of the system allows you to achieve additional benefits! The full system consists of 4 basic elements: fuel tank, measuring probe, management terminal, analysis and reporting software

SYSTEM COMPONENTS

FUEL TANK

A two-skinned polyethylene tank that allows the fuel to be stored inside the organization. Equipped with a high-quality dispensing system

MANAGING TERMINAL

Zarządza dostępem do paliwa i wydaje je tylko autoryzowanym użytkownikom. Gromadzi informacje o tankowaniu i przekazuje je do oprogramowania.

SOFTWARE

It allows you to monitor the internal fuel station. It sends alerts via SMS or email. It enables to generate various types of reports.

MEASURING PROBE

Pozwala w czasie rzeczywistym mierzyć poziom płynu w zbiorniku i przekazywać te informacje do oprogramowania.

BENEFITS

MONEY SAVING

Increasing the company's profits and generating additional savings

- in the price of fuel in the wholesale
- on fuel consumption in cars
- in human resources

TIME SAVING

Access to the history of fueling and stock in the tank available in the office software. Instantly generation of all kinds of reports.

CONVENIENCE OF USE

Self-fueling by users or vehicles. All data can be accessed from anywhere in the world on any device with internet access

SAFETY

Certainty that the fuel from our tank is fueled only by authorized employees and vehicles. Alerts and notifications via SMS or email.

EQUIPMENT DESCRIPTION FORTIS AQUA:

- 4" or 6" cover
- 1" or 2" drain valve

AVAILABLE COLOURS FORTIS AQUA:

STANDARD:

- White
- Black

OPTIONAL:

- Ask your retailer for custom colors

AVAILABLE CAPACITIES FORTIS AQUA:

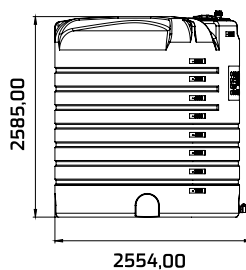

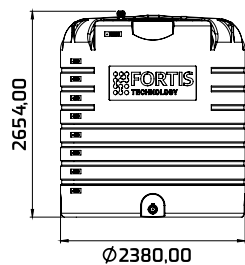

- 1 000 liters
- 1 500 liters
- 2 000 liters
