Located in Kutno, in the heart of Poland, Megmar Logistics & Consulting is a team of target-oriented professionals providing the highest quality innovative technologies and weapon systems to the Polish Armed Forces. Our position has been built around solid values: an ethical approach to business, respect, and trust. The energy of the team and outside of the box thinking skills has always been the cornerstone of our success.

Our drive to perfection has made us one of the key defence companies in Poland with over 600 successfully completed contracts. The solutions that we deliver support day-to-day operations of Air Forces, Navy, Army and Special Operation Forces giving our troops the edge.

Over the last 18 years, Megmar Logistics & Consulting has been a gateway to the Polish military market for over 60 companies from all over the world. Our experience and expertise in the government/military sector enabled us to successfully guide our partners through the peculiar and complex Polish Military acquisition system. We are the first and only company that has successfully introduced a new weapon system on F-16 aircraft through DCS as opposed to the FMS path that has been used before.

Core business: ASW, Naval Warfare, Aircraft Mission Systems, Tactical Communication systems, ALSE, Aviation Ordnance, Ammunition, Countermeasures, GSE, Avionics, CNS/ATM, Combat Engineer systems, Force Protection, Logistical equipment, expeditionary equipment, SOF equipment, aftermarket support for FSU and Western platforms.
