

We provide full legal support that contributes to the **stable development and success** of our clients on the domestic and international market.

Mikulski & Wspólnicy is a renowned law firm based in Kraków, with **30 years of experience** in domestic and cross-border cooperation.

Specializations

1. Within the first specialization, we support **professional activity and business management**, in most aspects of the current operations of enterprises.

2. Within the second specialization, **we resolve complex disputes** in court and arbitration proceedings, also of great value. This also applies to disputes in cases with a foreign element.

Comprehensive services for industry

Comprehensive services for industry. We provide comprehensive legal services to enterprises from the industrial and manufacturing sectors, operating, among others, in the construction, energy, textile and food industries. We also offer services related to industrial real estate, machines, production lines, **concluding contracts and legal advice adapted** to the specifics of the industry.

We provide **protection and legal assistance to sellers** and purchasers, from the pre-contractual phase, through transport, to the stage of the contract being executed, performed by the parties, and of the complaints, withdrawal from or rescission of the contract, or the phase of pursuing claims for damages. We provide advice on new technology law and intellectual property rights in the industrial sector.

We operate cross-border

We operate cross-border and also cooperate with renowned law firms in Poland and European countries, particularly in **Austria, Germany, Hungary, Italy, Spain** and **the Balkans**.

The firm was recognized by **Legal 500 EMEA** in 2018-2022.

Organisations

Membership – The firm and its lawyers have been affiliated with **prestigious organisations** supporting economic growth and development, including:

- KIG - National Chamber of Commerce;
- Polish-German Chamber of Industry and Commerce;
- Polish-Hungarian Chamber of Commerce and Industry;
- Polish-Spanish Chamber of Commerce;
- Business Centre Club;
- BNI Poland.
- German-Nordic Lawyers' Association;
- EAST LEGAL TEAM European Economic Interest Grouping;

Team

The founder of the Law Firm, **Andrzej Mikulski**, Trusted Attorney (Vertrauensanwalt) of the Republic of Austria in the years 1991-2004, repeatedly recognized by Chambers Europe and Chambers Global as a leading lawyer in resolving disputes, especially construction disputes and legal advice for foreign institutional clients. He is an experienced arbitrator, including the Court of Arbitration at the Polish Chamber of Commerce in Warsaw, as well as a Member of the Presidium of the Management Board of the Polish Chamber of Commerce in Warsaw. He **specializes in resolving complex disputes**, before state and arbitration courts, especially in relations concerning international and domestic economic turnover, including, among others, the performance of construction, industrial, road and development investments, sale and delivery of industrial equipment and commercial goods.

Małgorzata Majkowska - attorney-at-law, member of the Polish District Chamber of Attorneys-At-Law in Krakow, graduate of the Faculty of Law and Administration of the Jagiellonian University in Krakow. Deals with **commercial and civil cases, cases in international trade**; advises commercial law companies in their current business activities and represents them before state courts and arbitration courts.

Marcin Sarapata - attorney-at-law, member of the Polish District Chamber of Attorneys-At-Law in Krakow. Specializes in **corporate law, contract law, real estate law and construction law**. Advises entities from the industrial sector, construction industry, as well as deals with comprehensive corporate services. Has experience in negotiating commercial contracts and conducting complex court proceedings with international elements. Provides legal services to domestic and foreign enterprises.

Maciej Nycz - attorney-at-law, member of the Krakow Bar Association. He specialises in civil law (in particular damages cases), commercial law, in particular distribution and agency agreements, new technologies law, intellectual property law including industrial property law. He has experience of working with entities from **Hungary, Germany, Austria, Israel and Italy**. Among other things, he provides comprehensive legal services to entrepreneurs operating in the new technology law sector.

Why is it worth choosing our law firm?

Our law firm is characterized not only by the **high quality** of services provided, but also by a precise approach to the specifics of the **industrial sector**. Thanks to our knowledge of the realities of the production sector and cooperation with large enterprises, we provide our clients with service tailored to their individual needs.
