

ISEC7

THE DIGITAL WORKPLACE COMPANY

DISCOVER THE NEXT LEVEL OF SECURE HYBRID WORK

YOUR TRUSTED ADVISOR

The ISEC7 Group is your global provider of services and software solutions for digital workplaces, managed mobility, and the mobilization of business processes. Government organizations and operators of critical infrastructure (KRITIS) particularly benefit from our expertise in cybersecurity, which meets the stringent requirements of the NIS2 directive.

Over 700 customers worldwide, including companies, government authorities, and institutions, trust the ISEC7 Group. ISEC7 continuously invests in the development of the latest technologies, such as **post-quantum-safe computing**.

ISEC7's innovative solutions help customers securely manage confidential information and ensure the safe operation of digital workplace infrastructures.

Founded in 2003, ISEC7 has offices in Germany, the USA, Australia, and New Zealand.
