

About us

Founded in 1983 signifying a wealth of experience and expertise, Beauty Emblem Inc specializes in adapting modern skills and techniques for sustaining new trends of innovative creations. Here is a list of some of the styles of our embroidered patches and products that we produce and procure: embroidered patches, 3D puff patches, pins, chenille patches, PVC, TPU, leather patches, printing patches, embroidery with sublimation patches, appliques, woven labels, epaulets, key chains, luggage tags, and promotional goods, etc.

Our Leadership

Our president, Tony Yang, is the founding chairman of the New Taipei City Embroidery Association. He has a keen market sense and has accumulated a high level of market experience. At Beauty Emblem we constantly develop marketable and timely products for the community in order to win the customer's trust and favor.

Office

Located in both Taiwan and Jiang Su China, we are capable to maximize the productivity and meet customer's requests.

Taiwan HQ

China Factory

Our main office is located in Taipei. We have an excellent sales team, experienced designers and punchers, skillful embroidery machine operators, and strict quality control personnel. We create remarkable quality and offer premium service to our customers globally.

In order to produce various embroidered products, we have laser cut machines, heat pressing machines, printing machines and 40 units of advanced Tajima embroidered machines.
