STEADY-ON

FLASHING

The Guardian is the lightest, brightest toughest light in its class. It features a compact design that is waterproof, extremely resistant to impact and visible from all directions (omnidirectional). The light has two operating modes: Flashing and Steady-On. There are a variety of accessories that can be used to attach the Guardian to users or their equipment.

### BATTERY DURATION\*

| Function  | Duration<br>(For all colors) |
|-----------|------------------------------|
| Flashing  | ~240 Hours                   |
| Steady-On | ~100 Hours                   |

\*For indication purposes only.  
Duration may vary with temperature.

Comes with Velcro Strap or  
MOLLE Compatible Belt Clip

### Available in 5 Colors & IR

## Accessories for Guardian To Perfect Your Kit

**Magnetic Base**  
P/N: 49001

Clip-on attachment with a magnetic base that adheres to many metal surfaces.

**Wrist Strap**  
P/N: 49004

Stretch nylon strap that can be used to fasten the Guardian to the arm or wrist, or a multitude of other objects.

**Bike Mount**  
P/N: 49005

Allows for easy attachment to most bicycles and poles.

**Head Strap**  
P/N: 49006

Comfortable stretch nylon band with adjustable head that can be attached to any Guardian to make an effective head light. Can also be adjusted to fit wrist for hands free lighting.

**Battery Pack Strip**  
P/N: 49010-S

The Guardian uses two common CR-2032 Lithium cell batteries. A pre-wrapped battery pack of two cells comes with all Guardian models. Additional packs are available in strips of four.
