- Tourist coaches
- City & shuttle minibuses
- VIP minibuses
- Accessible vehicles (WAV)

Who are we?

Bus-Center is a Polish manufacturer with over 20 years of experience in producing minibuses and buses. Based on Mercedes-Benz Sprinter and Iveco Daily, we provide professional conversions that meet EU homologation requirements and are precisely tailored to the specific needs of our clients' operations.

What makes us stand out?

Full EU homologation – our buses have whole-vehicle type approval, ready for registration and immediate operation.

Tailored conversions – tourist, city, VIP, WAV; every project is adapted to the customer's requirements.

Quality and experience – since 2003 we have been developing our own production technologies, with ISO-based quality control.

Attention to detail – from ergonomic seats to interior finishing, every element is designed with passenger comfort and safety in mind.

Comprehensive service – from selecting the base vehicle, through production and documentation, to financing support.

BUS-CENTER

Custom minibus solutions since 2003
